NEO

BITTEL NEO

Sleek Design, Modern Colors.

NEO is giving hoteliers and designers more style choices, modern colors, a small footprint and a power device charger in a sleek-design for guestroom phones.

What makes the product special?

Bittel NEO Series phones are loaded with great features (many unique to Bittel) that make them easier for you to maintain, and provide greater guest satisfaction.

NEO's hip design will compliment the room and provide an updated image that also meets brand standards.

Better yet, it features two USB ports and Bittel's patented Multi function charging cable to connect guests' mobile devices for easy charging and playing.

Unique features of the NEO Series

- An ultra thin design conceptualized by a prestigious international design firm.
- Multiple color options to complement interior design schemes.
- An optional portrait or landscape formats to support location and decoration needs.

Nightstands are meant to be clutter free.

With our small, sleek, NEO, that is a possibility.
